CLUB HISTORY

The New Plymouth Surf Riders' Club (incorporated) was formed in 1991 by a group of 86 New Plymouth surfers who under the urging of Wayne (Arch) Arthur, managed to secure a lease on the New Plymouth District Council (NPDC) owned former campground cooking building. With a great deal of volunteer labour and significant fundraising, the building underwent an extensive renovation and now overlooks Fitzroy Beach from its enviable position high above the foreshore.

In 2009, the NPDC refused to honour the 30 year 'right of renewal' of the lease and gave the Club the option of relinquishing the building with no recompense for the upgrading or purchasing the structure for \$1.00.

At a Special General Meeting it was proposed and agreed to purchase the building. The then Patron, Nigel Dwyer funded the \$1.00. After some legal issues were settled including having to get the permission to purchase from all Fitzroy residents within 200 metres, the Purchase Agreement was signed by then President, Mark O'Connor and Secretary, Allen Pidwell, on behalf of the club.

From the original 89 members we now have nearly 700 members ranging in age from new-borns up to 80+ years. As well as a significant number of Foundation Members still financial, we have a wide range of surfers involved in the Club, including retirees, juniors, women, families, members who reside all over New Zealand and from such countries as Australia, USA, England, Portugal, Spain and Germany.

The original objectives of the Club established in the 1991 Constitution still remain to this day:

- a. To promote and preserve the image of surf riding.
- b. To provide stimulus and activities for members and their families.
- c. To provide coaching and development courses for both competitive surfers and surf judges.
- d. To develop policies and activities that assist our members obtain National Championship status.
- e. To support and fund activities that ensure the protection of the coastal and surfing environment and public access to such, so as to ensure that enjoyment of the coastal environment is enhanced for all persons.
- f. To provide and maintain a clubhouse for its members and their guests.

It took us 31 years but, by following the objectives of our Constitution (to develop policies and activities that assist our members obtain National Championship status), your Club was named "TOP NEW ZEALAND CLUB!" at the Surfing New Zealand National Championships.

The Club is a registered Incorporated Society and complies with all requirements of the New Zealand Incorporated Societies Act. In 2008, the club was registered a charity and complies with all the requirements of the New Zealand Charities Commission

Our motto is: ***"Come as a guest, leave as a friend"***.

POLICIES

SMOKING/VAPING

BACKGROUND

In 2010 legislation passed by the New Zealand Government banned smoking on licensed premises. This included “enclosed spaces for example the NPSRC front deck. The deck falls under this legislation because:

- (2) The deck is normally enclosed on all but one of its sides.
- (3) The remaining side (FRONT) can be closed off with the blinds.
- (4) With the folding doors open the deck becomes part of the bar area which itself is an enclosed space.

POLICY

No smoking which includes VAPING and E-CIGARETTES is permitted on any part of the New Plymouth Surfriders’ Club.

Persons breaking this policy will be asked to desist and if they refuse then ordered to leave the premises.

Failure to comply with either of these requests will be reviewed by the Committee as a breach of Club policies and a suitable censure made.

The Club will reimburse a Junior, Senior or Family member all or part of the entry fee for all contests held outside of Taranaki on the following basis:

NB - Country Members not eligible unless they pay full subscriptions, and only active members will be considered eligible for reimbursement.

KEY MESSAGES

Concussion is a brain injury that affects the function of the brain, and the person involved and may or may not result in the loss of consciousness.

Should the injured fail any of these questions, either call an ambulance (best) or transport to an Emergency Medical Centre. Keep surfer calm and do not leave alone.

GENERAL PRINCIPLES

If concussion is suspected after checking for possible neck injury remove the surfer from the activity immediately and begin basic assessment.

Surfers must not be permitted to return to surfing on the day of suspected concussion

Early removal from the competition or surf break.
